Nature
Junk visit to
A date for your calendars: Governing Council have approved a Student Free Day on 14th November in term 4.

Last week our Reception to year 2 students were involved with a visit from the Junk man at the Kindy. This involved a 2 hour session at the Kindy where children had the chance to be involved in a nature play session involving a range of materials otherwise known as mobile junk. The engagement of students and the different constructions was very impressive and has inspired further development of our nature play areas. For both the Kindy and the school this is just another opportunity to improve the transition for students between the Kindy and school. (See Front Cover Pictures)

Our students are again involved in the Adelaide Primary Festival of Music at the Adelaide Entertainment Centre on Wednesday 13th September. Tickets are now available to be purchased through ticketek.

The Governing Council are seeking nominations for the Rowan Ramsey Community Award. If you know of someone you think deserves to be recognised for their contribution and dedicated commitment to the school community, please complete the nomination form included in the newsletter and return to the front office by 1st September.

The Governing Council in collaboration with Sergeant Melissa Eason, Crime Prevention Section Supervisor are currently planning a cybersafety and drug awareness workshop for parents. We are awaiting confirmation of dates so please be on the lookout for this important evening.

Tyler Hogan, Principal

Don’t forget the SACE Information evening is on next Wednesday night in the Library at:
6:30pm Current year 10 students.
7:00pm Supper all students and parents
8:00pm Current year 11 students

ROWAN RAMSEY AWARD

Do you know of a parent, community member or staff member who has gone above and beyond to volunteer their services for the benefit of the school? Governing council has the privilege of nominating someone for this award again in 2017. The two recent recipients have been Ros Harris (2015) and Sarah Wilson-Turra (2016). Please give this some thought and return your nomination in a sealed envelope marked CONFIDENTIAL GOVERNING COUNCIL to the front office before Friday 1 September 2017.

ATTENTION: GOVERNING COUNCIL  - re: Rowan Ramsey Award

I nominate ___________________ for the 2017 Rowan Ramsey School Community Award. They have provided an outstanding contribution to our school in the following ways:

Nominated by  Signed
Year 3/4 Chickens

We used excel to make graphs of how many eggs were laid in Week 2. We are collecting all the data to make a weekly graph with the amounted of eggs collected over the term. The students are excited to see how many eggs we get each day.

We have a egg roster so everyone in our class gets a turn to collect the eggs. By Harry

The best part about the chickens are how cuddly they are. By Taj

I love having the chicken because we get to sell the eggs and I learnt how the chicken life cycle works and what the need. By Keeley

The Chickens are cool and friendly and you can pat them and we even get eggs. By Tex

Respect, Honesty, Friendship and Learning
Performing Arts

Each week I have the pleasure of teaching our Primary classes for two lessons of Performing Arts. Performing Arts is part of the broader learning area from the Australian Curriculum subject, The Arts. The Arts incorporates visual art and media arts as well as my areas of expertise, music, drama and dance. We focus on a different area each term. Here's a quick glimpse of what each class is doing.

**Reception/Year 1:** This Term we are exploring drama through the world of make believe. We have been practicing mindfulness techniques that help concentration and self-awareness. We are creating scenes and going on the most amazing adventures where the classroom becomes a time machine or maybe even a submarine. By the end of the Term we will be recreating our favourite stories by acting them out for the class.

**Year 1/2:** Drama is the focus for this Term with the Yr 1/2 class. We have been learning about ventriloquism and puppets. We have met Ralphy, a bright orange hand puppet and have investigated how ventriloquists make it look like the puppet is really talking. We have practised our own skills as ventriloquists and performed for our class. By the end of the Term we will be making our own puppets and writing plays to perform to our class.

**Year 3/4:** As part of our studies in drama, we are learning about how to build a character including their appearance, the way they walk, the way they talk and what attitudes come through their personality. Students have had the chance to dress up and create alter-egos that are quite “out there”. By the end of the Term they will be creating short scripts that follow a scaffolded pattern and that they will then perform to the class.

**Year 5/6:** At the beginning of Term 1 all students in the Year 5/6 class created a group agreement. This included not making fun of others for getting involved and performing, making it possible for students to let their inhibitions go and participate to their full potential. This Term we have been working on how to build characters, breaking them down into individual elements and analysing physical appearance, voice, language, movement and attitude. Students have had the chance to dress up and take on another personality when interacting with peers. We have also investigated what happens to stories when roles are reversed and the goodies become the baddies. By the end of the Term we will be recording scenes from these stories where the traditional characters have their personalities changed.

**During Term 3 and 4** I also have the pleasure of working with Year 9/10 students in Performing Arts. So far this dedicated group of learners have chosen instruments to learn and are drawing on a range of sources including direct teaching from me, Youtube, other online resources and peer to peer learning to build their skills and knowledge. We are also working on producing our own radio show that will run live at lunchtimes later in the term.

**In Choir news,** this year sees the South Australian Public Primary Schools Music Festival performances happening at the Adelaide Entertainment Centre! Our 12 choristers from Years 5, 6 and 7 are excitedly preparing for the area spectacular that will be this year’s performances. With over 900 students on a specially built stage in each performance, it will be an amazing phenomenon to see. I look forward to our rehearsal at the Woodville Town Hall on 23rd August and our concert at the Entertainment Centre on 13th September.
CALLING ALL STUDENTS - BOOKWEEK 2017 IS NEARLY HERE

Already some of the competition sheets are coming in but there are competitions for every year level R - 6 and they all must be in by next Thursday 17th for display and judging.
Pick up your entries from your class teacher there are examples shown below of what competitions are available to enter.
Lots of Prizes to be won.

The picture shown is an example of what can be done this fabulous entry was created by Skye Flowers

For further information please contact:

Kylie Slattery—0409 816 108
Kadinabasketballclub@outlook.com.au

CREATE A MEMORY AND BE A PART OF PORT BROUGHTON KINDERGARTEN HISTORY FOR EVER!

We are currently working collaboratively with the council and community to upgrade the path and sidewalk in front on the Kindy. To replace the path, which currently has dangerous trip hazards, we are laying engraved pavers for families in the community who are past, present and future members of the Port Broughton Kindergarten.

If you would like to place a brick to become part of the history of Port Broughton Kindy please see a Kindy staff member or phone 8635 2390.

Bricks can be typed or hand drawn:
$20.00 each

Introducing Port Broughton Kindergartens Thermomix raffle $20 per ticket.
1st Prize a Thermomix valued at $2089
2nd prize $600 of Tupperware of your choice
3rd prize $400 of Tupperware of your choice.

Please contact Amber Sims, the kindy or a kindy parent for a ticket
We have had a great start to Term 3 in the Garden. Students have been busy weeding the garden beds and surrounds, painting the interior of the shed, spreading bark-chips on the ground around the garden beds and starting a compost.

Last week students were able to use the spinach from their garden to make Spinach and Cheese Triangles/Rolls which looked delicious.

This week they were excited to be able to harvest some Broccoli, Beetroot, Radishes and Lettuce and take them home to share with family.
